Computer Training Room Environments

Learning Curve – Techline Exclusive
Size: 48" x 30" Stations
Area: Approx. 34" x 20" Room 600 Sq. Ft.

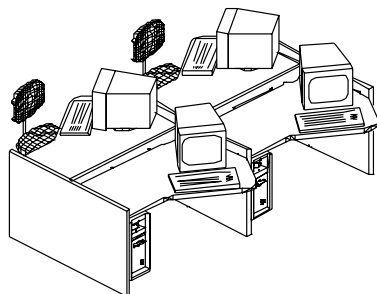

TechlineUSA offers an exclusive approach to computer workstations to create an economical solution for computer labs in a variety of settings—from schools to testing centers.

Workspace is maximized to accommodate computer, monitor, keyboard and mouse pad for both right and left handed users, leaving plenty of room for bulky materials. Learning Curve was designed to allow instructor interaction at each workstation as well as total visibility to the front of the room.

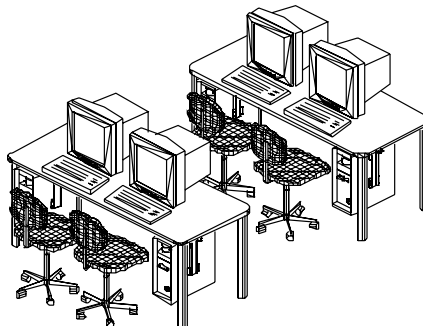

Because tops can be adjusted to three heights, Learning Curve accommodates users of all ages and provides a comfortable and ergonomically aware environment. Learning Curve can also be adapted to meet special ADA requirements.

Work stations are easy to configure and fit any space.

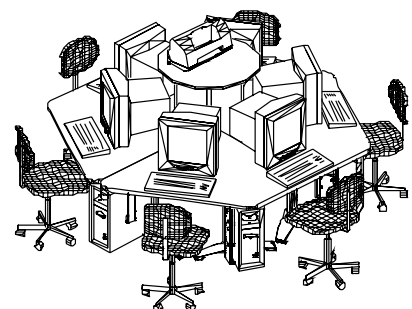

Work surfaces have access openings to allow power cords to fall into an undersurface trough for easily accessible management.
